Cardlay Pay

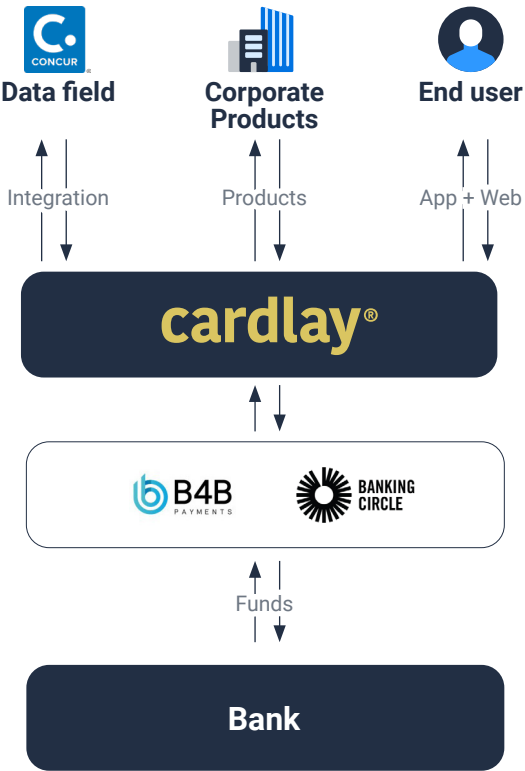

Virtual cards with Concur[®] Expense

Control company spending upfront

Introduction to Cardlay Pay

Cardlay Pay is a virtual card program and payment service integrated with Concur® Expense

Product

- Prepaid virtual card program with B4B payments
- Real-time card issuance and administration of spending
- Integrated and seamless mobile/web portal solution
- Direct card and transaction feed to Concur® Expense

Benefits

- Control spend upfront
- Minimize errors, faults and fraud
- No setup fees
- No manual paperwork
- Substitute cash and personal expenses with virtual cards
- Seamless mobile and web user experience
- Overview and full control of company spending

Get started

- Make an agreement with Cardlay Pay and B4B Payments
- Connect to SAP Concur® app center
- Go through Customer success program

The service offers a self-service front-end tool to issue and administrate prepaid virtual cards for handling company expenses. Control spending upfront by pre-approved budget spend, real-time card issuance and expense reconciliation into Concur® Expense.
